

NEW: TemPageR 3E is the 3rd generation of TemPageR– the world's most popular temperature monitoring device for IT & facilities monitoring. This new model replaces the TemPageR 4E and includes newer technology, a free license for Device ManageR software, a factory reset button and more.

TemPageR 3E is AVTECH's hardware solutions for "Computer Room Temperature Monitoring, Alerting & Automatic Corrective Action". It is designed specifically to assist with computer room temperature monitoring in multiple locations simultaneously. TemPageR 3E allows alert notifications via email, email-to-SMS, SNMP and more to devices like computers, mobile phones, pagers and PDAs. TemPageR 3E offers an easy to use web browser interface for settings changes and viewing real-time temperatures and sensor status from anywhere.

- Easy Ethernet 'Plug and Play' setup for remote temperature monitoring from anywhere.
- Includes 2 digital temperature sensors, 1 internal and 1 external, with 1 open port.
- Advanced alerting by email, email-to-SMS, SNMP, web page update & much more.
- Use TemPageR 3E's built-in web server, Device ManageR software or the powerful PageR Enterprise software (included at no charge) to monitor TemPageR boxes, servers, devices & events located anywhere network-wide.
- TemPageR 3E package allows real-time temperature monitoring, logging, one click data export, advanced alerting, Fahrenheit/Celsius, high/low watermarks, temperature values in alerts, more.
- Use TemPageR 3E with or without a host system. That's right... No PC Required! This saves money, improves reliability, provides options.

TemPageR 3E monitors environments like small phone or wiring closets, critical rack cabinets and larger computer rooms or data centers. Since TemPageR 3E is connected via Ethernet and does not require a host PC for operation, it can be located anywhere an Ethernet connection is available. Sensors can be run inside a rack cabinet, air vent, sub floor or other location. TemPageR 3E will help to protect valuable IT equipment and minimize downtime if a disaster does occur.

Protect Your IT Facility... Don't Wait Until It's Too Late!

This Package Includes:

- TemPageR 3E ID Box w/Ethernet
- One (1) built-in digital temperature sensor
- One (1) external digital temperature sensor w/25' RJ-11 cable
- Two (2) external digital temperature sensor ports (front, 1 open)
- International power adapter (110-240V, RoHS compliant)
- 10' Ethernet cable
- Built-in web server (web browser interface, alerts from ID box)
- Device ManageR software license (included at no charge)
- PageR 5 Object Enterprise software license (included, no charge)
- CD installation resource media
- Printed TemPageR 3E User's Guide & Reference Manual
- Printed Getting Started With PageR Enterprise manual
- 12 months of Maintenance Support & Update Service
- Toll free sales & technical support
- 30 Day Satisfaction Guarantee
- Hardware Replacement Guarantee
- AVTECH's almost 20 years of experience

* A rack mount, additional temperature sensors, international power adapters and international plug adapters are optionally available
