

Since its founding in 1993, HYT has been dedicated to the development, manufacturing and sales of two-way radios and wireless trunking systems. Today, the company has become a full solutions provider for professional wireless communications for public safety, government agencies, transportation, and commercial/light industrial sectors. HYT's reliable, robust and secure communications products are distributed in more than 60 countries across the globe. To consolidate its global presence, in June 2007 HYT purchased a majority interest in Marketronics Corporation.

**Marketronics Corporation**, now HYT America, located in Sunrise, Florida; has been a provider of wireless communications systems and products for more than 30 years. It offers its customers the most advanced products and services available to build, operate and maintain their wireless networks.

The new company HYT America/Marketronics will focus on the promotion and sale of HYT products and systems, but additionally will offer its customers a full line of complementary products from other quality manufacturers such as : Andrew, Alvarion, Astron, Antennex, Bird, LS Cable, Maxrad, Samlex, RF Connectors, Honeywell Batteries, Belden Cable and other well known manufacturers. Our goal is to supply high quality reliable products and value added services that will allow our customers to implement or expand their wireless systems with a minimum effort and risk.

Whether your needs call for a radio , connector, antenna or a sophisticated wireless system, you can count on our knowledgeable Sales, Technical and Engineering support for the most effective Wireless solutions.
